LOC_RO

About the Role

Key responsibilities:

- Architect and deliver end-to-end platforms across research, clinical, manufacturing, and supply chain.
- Elevate reliability, performance, and data integrity; lead technical initiatives to de-risk projects and drive outcomes.
- Collaborate with stakeholders to translate needs into compliant, scalable solutions.
- Own assigned systems/applications: implement, operate, maintain, troubleshoot, and train for high availability.
- Design, implement, and maintain automation systems for projects and site operations.
- Plan and execute maintenance and calibration activities, including spare parts management.
- Organize and supervise production to meet plan in line with laws, internal regulations, and Good Practices; support project controlling and contract management.

Essential Requirements:

- University Degree in Engineering, Mechanical, Automation, Project Management or equivalent
- Languages: advanced English and Romanian
- Minimum 3 years of relevant experience in one or more of the following domains: project management, mechanical design, computerized systems, automation, electronics, or pharmaceutical manufacturing (preferably within GMP/GxP-regulated environments).

Commitment to Diversity and Inclusion / EEO paragraph:

Novartis is committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives. Ready to create a brighter future together? <https://www.novartis.com/about/strategy/people-and-culture>

Join our Novartis Network: Not the right Novartis role for you? Sign up to our talent community to stay connected and learn about suitable career opportunities as soon as they come up: <https://talentnetwork.novartis.com/network>

Benefits and Rewards: Read our handbook to learn about all the ways we'll help you thrive personally and professionally: <https://www.novartis.com/careers/benefits-rewards>
