

Medical Director, Gastroenterology, Early Clinical Development

Job ID

REQ-10076205

Jun 22, 2026

LOC_CH

About the Role

Key Responsibilities:

- Lead global clinical trial teams through phase 1 and 2 development
- Draft the early clinical development plan
- Act as medical lead for early clinical studies
- Represent the team in relevant decision boards
- Serve as a primary contact for internal and external key opinion leaders
- Oversee publication and internal/external presentation of clinical study results
- Work closely with biomarker experts in implementation
- Collaborate with research scientists to identify, develop and implement strategy for preclinical support of program related objectives
- Actively participate in Health Authority interactions

Essential Requirements:

- Medical doctor with board certification in gastroenterology.
- Several years of clinical experience treating IBD (UC and CD) patients.
- Ability to learn fast and work independently
- Ability to lead multidisciplinary teams in a matrix organization.
- Excellent communication and presentation skills

Desirable Requirements:

- Research experience (e.g., Ph.D.) is a plus but not a strict requirement
- Drug development experience as trial investigator or pharma experience are a plus but not strict requirements.
- Publications in the field of IBD are a plus but not a strict requirement

Accessibility and Accommodation:

Novartis is committed to working with and providing reasonable accommodation to all individuals. If, because of a medical condition or disability, you need a reasonable accommodation for any part of the recruitment process, or in order to receive more detailed information about the essential functions of a position, please send an e-mail to inclusion.switzerland@novartis.com and let us know the nature of your request and your contact information. Please include the job requisition number in your message.

Role Requirements
