

Project Engineer

Job ID

REQ-10075768

Jun 22, 2026

LOC_NL

About the Role

Key Responsibilities

- Lead site engineering projects with cross-functional teams, ensuring safe, timely, and GMP-compliant delivery
- Drive complex root cause investigations
- Lead mean time between failures (MTBF)–driven projects
- Manage engineering change assessments and lead formal change control processes
- Plan, coordinate, and monitor engineering projects from initiation until finish
- Partner on capital investments, equipment validation, and process engineering
- Develop partnership with Global Novartis Engineering teams ensuring consistence and standardization of Engineering process
- Second line escalation in case of equipment failures
- Reducing safety risks through simplification and error proofing machines
- Driving continuous improvement from an asset perspective

Essential Requirements

- Degree in mechanical engineering, electrical engineering, or mechatronics, with a proven background in engineering environments
- At least three years of professional experience in pharmaceutical GMP manufacturing or comparable highly regulated industries
- Demonstrated experience leading engineering projects from planning through execution
- Ability to handle multiple projects at once with high degree of accuracy, initiative, and independence
- Strong structured problem-solving skills, with a hands-on and safety-driven approach
- Fluent English communication skills, both written and spoken

Desirable Requirements

- Dutch language knowledge

Commitment to Diversity and Inclusion

Novartis is committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.

Role Requirements

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives. Ready to create a brighter future together? <https://www.novartis.com/about/strategy/people-and-culture>

Benefits and Rewards: Learn about all the ways we'll help you thrive personally and professionally.
