LOC_BE

About the Role

Key Responsibilities

Customer Engagement & Account Management

- Build trusted partnerships with healthcare professionals and key stakeholders across your territory.
- Deliver high-quality, compliant customer interactions tailored to customer needs and preferences.
- Communicate approved scientific data, disease area knowledge, and brand information to support evidence-based treatment decisions.
- Continuously expand and maintain a strong network within hospitals, healthcare systems, and key accounts.
- Gather customer and account insights to inform tactical planning and execution.
- Collaborate cross-functionally to support account mapping, planning, and customer engagement strategies.

Territory & Business Planning

- Develop and execute territory engagement plans based on customer needs, business priorities, and available data insights.
- Leverage digital tools and analytics to dynamically prioritize customer opportunities and optimize engagement.
- Maximize field presence and territory productivity to drive customer value and patient impact.
- Contribute to the achievement of business objectives through disciplined planning and execution.

Scientific & Product Excellence

- Maintain a deep understanding of assigned therapeutic areas, products, disease states, and emerging clinical data.
- Continuously build expertise on the Novartis portfolio, key messages, and healthcare trends.
- Stay informed about market developments, competitor activities, and healthcare system dynamics.
- Apply healthcare system thinking to identify opportunities that create value for patients and stakeholders.

Compliance & Operational Excellence

- Ensure all activities are conducted in accordance with Novartis values, policies, and industry regulations.
- Complete reporting, CRM updates, and administrative activities accurately and on time.
- Report adverse events, technical complaints, and special situations within required timelines.
- Demonstrate the highest standards of integrity, ethics, and compliance in all interactions.

What You'll Bring

Essential Requirements

- Proven experience within the pharmaceutical, healthcare, biotechnology, or related industry.

- Strong commercial acumen and product knowledge with a track record of delivering results.
- Excellent communication, presentation, and relationship-building skills.
- Customer-focused mindset with a strong ability to identify and deliver solutions.
- Experience engaging with healthcare professionals and key stakeholders.
- Ability to work effectively across functions in a matrix organization.
- Strong analytical skills with the ability to leverage data and insights to guide decisions.
- Understanding of the evolving healthcare and pharmaceutical landscape.
- Ability to influence stakeholders and build trusted, long-term partnerships.

Desirable Requirements

- Experience within hospital or specialty care environments.
- Knowledge of relevant therapeutic areas.
- Experience using CRM systems, digital engagement platforms, and data-driven customer planning.
- University degree in Life Sciences, Business, Healthcare, or a related field.

Why Novartis?
