REQ-10086594

Sep 30, 2026

LOC_BE

About the Role

Major accountabilities:

- Ensure compliant and timely release of raw materials, bulk products, packaged goods, sterilizations, and imported batches.
- Maintain up-to-date expertise in production, sterilization, and release processes relevant to assigned responsibilities.
- Review and assess non-conformities, support investigations, and define effective CAPAs.
- Contribute to initiatives that reduce deviations and strengthen overall process robustness.
- Monitor file and batch status versus targets and follow up on problem or priority lots.
- Communicate effectively with logistics teams, QC laboratories, and external partners on release-related matters.
- Provide clear explanations of QA release documentation during internal and external audits.
- Keep assigned procedures accurate, updated, and aligned with evolving operational requirements.

Essential Requirements:

- Master's degree in a scientific field such as Pharmacy, Industrial Pharmacy, Bio-engineering, or related discipline.
- Experience within the pharmaceutical industry.
- Strong understanding of Good Manufacturing Practices and relevant pharmaceutical legislation.
- Proficiency in computer systems with the ability to work accurately with digital documentation.
- Excellent communication skills both in English and Dutch. Ability to collaborate effectively across teams and with external partners.

Desirable Requirements:

- Ability or prior experience to act as a Qualified Person (QP) in accordance with applicable regulatory requirements.

At Novartis, we're committed to reimagining medicine together- and rewarding the people who make it happen.

Expected Annual Base Salary Range: 47.100 - 87.500 EUR.

The base salary offered is determined based on gender-neutral objectives, such as relevant skills, competencies and experience in accordance with the Novartis pay setting policy and upon joining Novartis will be reviewed periodically.

The rewards of being part of our team go far beyond base pay and incentives. We also offer a variety of competitive benefits in kind to help you thrive personally and professionally, such as insurance plans, retirement plans, wellbeing resources and global recognition programs. In addition, we provide flexible and hybrid working options, where possible, and minimum 14 weeks paid parental leave.

Commitment to Diversity and Inclusion:

Novartis is committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.
