

Senior Scientist I

Job ID
REQ-10088441
Oct 01, 2026
LOC_US

About the Role

Essential Requirements:

Master's degree in biology, cell biology, neuroscience, or a related field.

2 years of work experience in the job offered or related position; and

Experience with the following:

- Immunohistochemical
- Immunofluorescence techniques
- Histology

Novartis Compensation and Benefit Summary:

The salary for this position is expected to range between \$100,755 to \$174,200 per year.

The final salary offered is determined based on factors like, but not limited to, relevant skills and experience, and upon joining Novartis will be reviewed periodically. Novartis may change the published salary range based on company and market factors.

Your compensation will include a performance-based cash incentive and, depending on the level of the role, eligibility to be considered for annual equity awards.

US-based eligible employees will receive a comprehensive benefits package that includes health, life and disability benefits, a 401(k) with company contribution and match, and a variety of other benefits. In addition, employees are eligible for a generous time off package including vacation, personal days, holidays and other leaves.
